## NOTE M – PERSONAL STATEMENT

This is a very important part of the application and must be completed clearly IN YOUR OWN HANDWRITING. If your English is not good enough, please complete this part of the form in your own language and attach an English translation.

This is your chance to tell the university why you are applying, what you hope to do after graduation, and why they should want you as a student. Admissions tutors will want to know why you are interested in your chosen subjects, but they will also want to see that you are ready for university life. It is also an opportunity to tell the University any other information about yourself which you feel is relevant to your application and which has not been included elsewhere in the application form. A good personal statement could make the difference between being offered a place or being rejected.
